“Arrogance diminishes wisdom.”

1. The planet is described as “desolate and forbidding.” Desolate means “empty, uninhabited” and forbidding means “hostile or uninviting”. What aspects of the setting confirm this description?

2. How do the Talz (the natives) use the setting to their advantage?

3. Chairman Cho and Senator Chuchi are from the moon above this planet. They claim to be the only inhabitants of their solar system. Over the course of the episode, the conflict between Chairman Cho and Senator Cho increases. Complete the following chart by filling in how each responds to the three situations (their response is both what they say and do).
